WORK EXPERIENCE

FULLSTACK DEVELOPER - SISTEMAS GUARANÍ
SEPT 2021 - PRESENT

Responsible for the development and maintenance of systems as well as implementation of new systems. I work developing APIs with NodeJS and ExpressJS, and with frontend technologies such as HTML, CSS, JavaScript. Use of relational databases (PostgreSQL). I also work with UNITY and C# for develop aumented reality applications.

FRONTEND WEB DEVELOPER - SOFTWARE NATURA
DEC 2021 - JUN 2022: 7 MONTHS

I worked as a Frontend Web Developer at Software Natura, contributing to educational web pages design and development using HTML, CSS. I created a Telegram bot to help my team and the other teams to extract and verify the id_tags nomenclature, this bot increased productivity and workflow. Worked with agile methodologies (Kanban). Using GIT and Bitbucket to manage the project, and AWS S3 to store the files and media.
